Dear Parents and Carers,

**Family Photos**
We still have a number of family photos, key rings and cups that have not been collected from the front office. Copies of student leaders, house captains, library and computer monitor’s photos can be viewed in the front office. Purchase slips are available if you wish to purchase copies.

**Kindergarten Enrolment for 2014**
We are currently taking kindergarten enrolments for the 2014 school year. If you have a student enrolling or know of a student who will be commencing school next year please contact the school. It is extremely important that we have these details to ensure all children and families receive information about our transition and orientation programs.

**Wednesday Night Football**
Last week I had the pleasure of watching our senior team play at Scully Park. The team played really well and lost a very close game to St Eds. I was so proud of the way our team played. Even though they lost the game they showed wonderful team spirit and sportsmanship.

**Headlice Infestation**
We are asking that all parents examine their child’s hair for signs of headlice. The lice themselves are often hard to find because they move around on the head. Therefore, you should be looking for eggs or nits. These appear as tiny silvery white specks attached to the hair shaft near the scalp. Dandruff and hair spray may look similar but these are easily brushed away, the eggs are not. Other signs of lice infestation may be a red rash and scratch marks on the scalp, nape of the neck or behind the ears.

If your child has contracted head lice do not be alarmed. Although the condition is unpleasant, it is easily treated with a specialised treatment available from the chemist. After using the treatment according to the directions provided, use a fine comb to remove the dead lice and eggs.

As head lice are highly contagious it is suggested that you examine all family members and treat if necessary.

Thank you for your assistance.

Have a great week!

Executive Principal
In 4B we have been reading Fantastic Mr Fox by Roald Dahl. Here are some of our own character descriptions and artwork, which are based around the book.

Jill was a sports worker. She was teaching people sport. She was skinny and tall and she was faster than everyone in the world. This was because she had eaten a lot of fruit and salads.
By Kalisha

Tyrese was a soccer player. He played for the North West Bears as a fielder. He was seven feet tall. He was so big that no other teams best players could get past him in any game. His meals were chicken sandwiches and water at half time in every game. These sandwiches gave him lots of energy.
By Jake

Damen was a swimmer. He swims everyday and week. He was eleven feet tall. He was so tall that when he walks through the door he wont be able to fit in the house. He eats fruit and read meat. This diet made him swim very fast and strong.
By Tyrese

Sophie was a pet shop owner. She kept thousands of different birds and fish. She was about ten feet tall. She was so tall she could nearly touch the birds in the sky. Her meals were salads and sandwiches. She liked to put the salad in a bowl and mix it up until the tomatoes were in tiny little pieces. This diet made her very active.
