LIBRARY VISIT
On Tuesday the 27th May Bob Faulkner visited our library to talk to Year 5, Year 6 and Kindergarten students.

Bob Faulkner is an Aboriginal Elder from the local area and has worked for more than forty years with the Australian Government in the Aboriginal Affairs Arena. He has extensive knowledge of the Aboriginal people and their life experiences. Bob was asked to Hillvue to give staff and students exposure and more of an insight into the local Aboriginal culture.

Bob utilised the smart board to show many slides that he then talked about. The pictures showed many aspects of the Aboriginal culture including housing, weapons, schooling and their traditional dress. It was extremely informative and the students were extremely settled and interested in what he had to say.

We are fortunate that Bob Faulkner was able to visit our school.

A REMINDER TO PARENTS TO NOTIFY THE SCHOOL ABOUT YOUR CHILD’S HEALTH
We welcome information from parents about your child's health, even if you are not requesting specific support from our school. Our school asks for medical information when you enrol your child. It is also important that you let us know if your child’s health care needs change or if a new health condition develops.

Information about allergies, medical conditions such as asthma and diabetes and other health care related issues (including prior conditions such as medical procedures in the last 12 months) should be provided to the school by parents. Please provide this information in writing to the principal. This will greatly assist our school in planning to support your child’s health and wellbeing.

Please also remember to notify staff in the school office of any changes to your contact details or to the contact details of other people nominated as emergency contacts.

We appreciate your assistance in this regard and assure you that any information you provide the school will be stored securely and will only be used or disclosed in order to support your son or daughter’s health needs or as otherwise required by law.

HEALTHY EATING AT HILLVUE PUBLIC SCHOOL

Keep active in the colder months

Don’t be a winter wannabe and let you or your children be inactive

- Encourage children to engage in active play such as bush walking, bike riding, kicking the footy, or playing a game of tag all year round.

Keeping active helps fight against high blood pressure and blood cholesterol levels. Being active also helps improve control of diabetes.
Are you looking for a long day care centre for your pre-school children? Your child is welcome! Your local Long Day Care Centre is just around the corner from Hillvue School in Janelle St.
